

Summary of Evaluation Survey

28 December, 2016
Asia Pacific Energy Research Centre (APERC)

1. APEC Project Name/Number

EWG 03 2015A APEC Peer Review on Energy Efficiency (PREE) Phase 5 (Follow-up PREE)

2. Questionnaire response

We received 12 responses from 64 participants of the Follow-up PREE in Thailand.

3. Overall impression of the respondent's completed evaluation

Follow-up PREE in Thailand was positively evaluated by the participants.

	Strongly Agree	Agree	Disagree	NA
The objectives of the training were clearly defined	4	8		
The project achieved its intended objectives	4	8		
The agenda items and topics covered were relevant	6	6		
The content was well organized and easy to follow	6	5	1	
Gender issues were sufficiently addressed during implementation	2	9		1
The trainers/experts or facilitators were well prepared and knowledgeable about the topic	5	7		
The materials distributed were useful	4	7	1	
The time allotted for the training was sufficient.	3	9		

4. Identified issues for future improvements

Some suggestions for future improvement of the project from participants are as follows:

Issues	Comments from participants
Stakeholder Involvement	<ul style="list-style-type: none"> Gather more participants with various experience to share view and useful comments. Discuss with stakeholders of energy efficiency to implement in Thailand

APERC will take into account the feedback provided by the participants in order to improve its project planning and implementation in the future.
